CAPTIVATE

Bring your backyard to life with enthralling flames that dance on water and flicker in the night. Contained within a stylish bowl of your choosing, our fire and fire and water elements add excitement and allure to any pool and landscape design.

BEST BURNERS IN THE BUSINESS

For spectacular designs with fire, your best bet is Grand Effects®. Our premium and standard burners provide unmatched flame formation and functionality.

Failsafe Flame

All automated burners feature our exclusive CSA certified SmartSense automated technology which produces a flame that holds steady in the wind and provides advanced flame detection that senses if the flame has gone out and rapidly shuts off the gas in response.

Reliable Operation

Advanced engineering and a compact, insulated design helps to keep electronics from overheating, so you can count on dependable performance that keeps the flame burning day-in and day-out.

Automation Ready

Grand Effects® products work with any home or pool automation system, including Jandy® AquaLink® automation systems. Our technology is reliable and proven and comes as a CSA listed packaged unit, factory tested and easy to install.

Model 100-9

PREMIUM BURNER

- SmartSense Automated Technology*
- Reliable Operation
- Fullest, Tallest, Most Impressive Flame
- Easy Manual Operation or Automated Control

ILLUMINATE

Punctuate your backyard landscape with radiant accents. Our selection of ornate torches and candelers let you illuminate the night with blazing excitement and an enticing glow.

CANDELERES

Illuminate your designs with Candelers from Grand Effects®. Our handcrafted white quartz stone Candelers are pieced together using a beautiful marquetry inlay technique. When lit with standard white LED lights, these elegant quartz stone Candelers come alive with a majestic translucent radiance. Each Candelere includes a wall mount bracket or square Concrete Black Base.

- Available in SmartSense automated technology operation
- CSA certified burner assembly and control panel
- Lights and burners can be operated independently of one another
- Can be operated remotely from any home or pool operating system
- Includes white LED lights (CSA certified) inside the candelere
- Wall or floor mounting
- 6,500 BTU/hr

HELIX TORCH

BY TRAVIS

The Helix Torch provides a beautiful combination of function and design. The design of the torch head incorporates venturi technology to create a dramatic spiraling flame. The decorative flame is housed in high temperature glass panels that provide a unique look, accenting the swirling flame. The torch head is well constructed using all stainless-steel materials.

- Available as automated or manual operation
- CSA certified burner
- 3 Mounting types: Post (69" tall), Wall (17.5" extension) and Column (11" tall)
- Mounting hardware included
- Natural gas or propane: 20,000 BTU/hr
- Pairs with a 24V Transformer (40W required for each Helix Torch at startup) for up to 5 natural gas torches and up to 4 propane torches
- Torch head dimensions: 8.75" Sq. × 26" H

SOOTHE

Transform your backyard into a peaceful oasis accented by the soothing serenade of running water with water bowls, plantiers, and scuppers from which an elegant sheet of water flows.

FREESTANDING DECK-MOUNT WATERFALLS

Relax and unwind to the rhythmic rush of an elegant and modern waterfall perched atop your pool deck with a sculptural stainless-steel spout.*

COLORS & FINISHES

CONCRETE

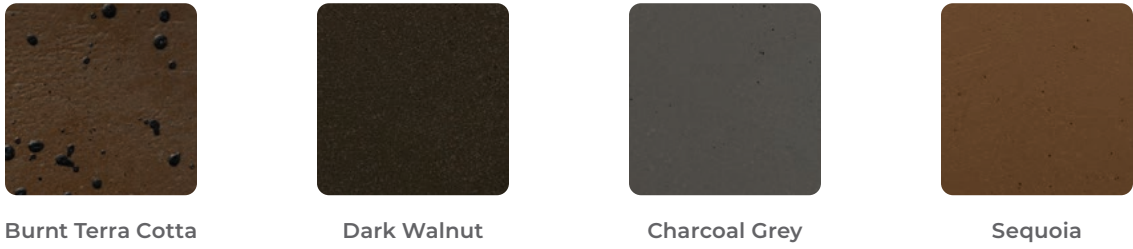

Each concrete basin is individually molded using a concrete-fiberglass mix that results in a lighter, but structurally stronger bowl. Final color and textures are achieved with a hand applied process that includes multiple stains to achieve a rich, vibrant hue and a final wax seal to protect against fading and discoloration.

Concrete finishes and colors may vary. Color samples available upon request.

STANDARD CONCRETE COLORS

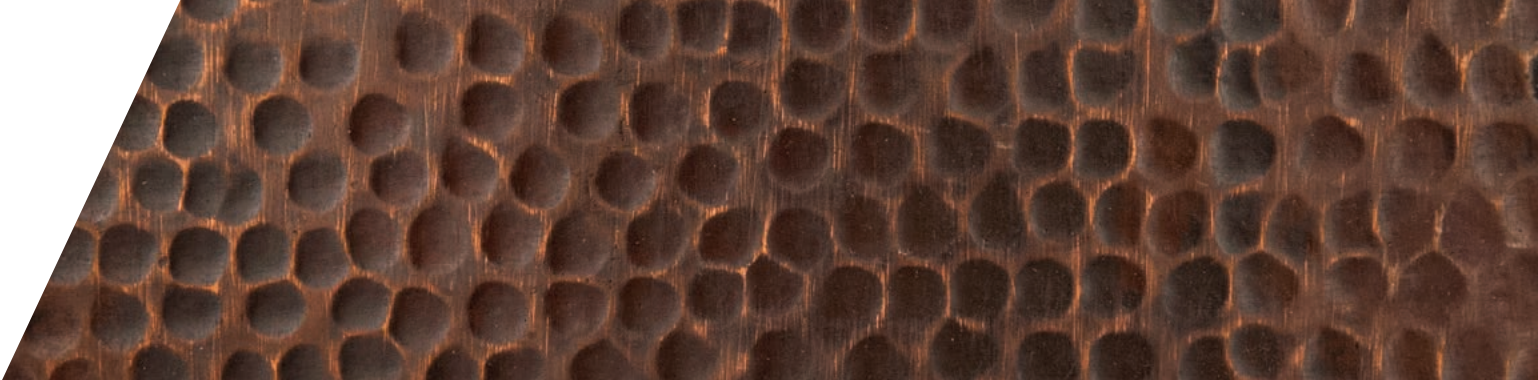

PREMIUM CONCRETE COLORS

METALLIC

Our Metallic bowls are made from the highest quality, heavy gauge aluminum. Each piece is sandblasted and treated with an anti-corrosion process before they are powder-coated with a vibrant array of color choices for a durable and long-lasting finish.

COPPER

Beautifully handmade copper vessels are buffed to a lustrous sheen with an oil-rubbed gloss that develops a natural patina over time. Adorned with hand-hammered indentations that add depth and enhanced artistry, each bowl is truly one-of-a-kind.

PREMIUM COPPER

A unique oil-rubbed finish covers the entirety of the product including the copper scupper and the robust folded top edge.

CORINTHIAN FIRE & WATER BOWL IN PREMIUM COPPER

CORINTHIAN FIRE & WATER BOWL IN STANDARD COPPER

STANDARD COPPER

Same beautiful oil-rubbed finish, but with more basic construction including a black powder coated metal scupper.

TERMS & CONDITIONS

WARRANTY POLICY

1-Year standard limited warranty on all products.
Small stress cracks and surface crazing are a natural occurrence in concrete and are not covered by warranty.

CUSTOM PRODUCTS

Some custom made products are available, however, they have a no return policy.

ORDER CANCELLATION

A 15% restocking fee will be charged for cancellation of product orders.

FREIGHT DAMAGE POLICY

Immediately inspect shipment for any damages when received. Notification is required of any damages within 5 days. Zodiac Pool Systems LLC is not responsible for damages after 5 days.

LEAD TIMES

Lead times can vary based on product, finish and delivery requirements.
Please contact your sales representative.

COMMERCIAL JOBS

Commercial jobs require additional safety equipment. Please call for a quote.

TERMS

Full payment required before shipment.

PAYMENT

Check, MasterCard, Visa, American Express
For checks, mail payment to:

Cover-Pools Incorporated
2580 Decker Lake Boulevard, Suite 300
West Valley City, UT 84119
